

U.S. HOUSE OF REPRESENTATIVES COMMITTEE ON
SCIENCE, SPACE, & TECHNOLOGY

Opening Statement

Chairwoman Eddie Bernice Johnson (D-TX)

Members' Day Hearing: House Committee on Science, Space, And Technology
Wednesday, September 29, 2021

Good morning. I would like to welcome everyone to the Member Day Hearing for the Committee on Science, Space, and Technology for the 117th Congress. This hearing is being held pursuant to House Rules, and gives Members, including those not on the committee, the opportunity to come before us and discuss proposed legislation, or simply discuss interests and priorities under the Committee's jurisdiction.

We have Members before us today to testify on a variety of policy areas and bills, and we also had Members submit testimony for the record.

As the Members of this Committee know, I welcome input from all corners, and that includes Members both on and off the Committee.

I would like to welcome our colleagues testifying before us today. We look forward to hearing your thoughts on these very important policy areas.
